The school has rearranged the pre-K and kindergarten rooms. Twenty-twenty five years of "stuff" has been thrown out. WCSU is in need of a nurse. Radon passed this month, they have a low low number. Air circulation units in Pre-K rooms needs to be fixed two motors need to be replaced, moving some of electric and plumbing, the bill will be around \$2500.00. This will be done during the summer hopefully. Side hall door, fire exit, needs to be fixed. Couple of slates need to be replaced, Color of the gym needs to be addressed maybe, this is just an observation it doesn't have to happen but since it is a very used space it should be a calming color. Jeff Russ is replacing the zone valves as some of the rooms are calling for heat this summer. There will be a bill for the replacement of zone valves.

Cabinet report from Superintendent: The legislative Veto Session created a staff in negotiations, we are looking to continue working over the summer with the State Budget passed and new information regarding healthcare. Windham and Marlboro continue to move forward with Alternative Structure Proposals working with their community to prepare a presentation. The West River Modified Unified Education District met at L&G Library on Monday, June 26th. Much of the month has been dedicated to wrapping up our Consolidated Federal Program (CFP) grant and gathering the needed paperwork for the grant, finalizing budgets, and using this information to plan for next year.

Welcome Craig.

Craig will have more of a community event and everyone will be in the gym and Craig will talk about what is happening at the school. He feels that the staff have proved they are very dedicated, he is feeling very comfortable with the staff already. Craig wants to do a 1st day celebration and bring back some of the old Townshend traditions. Craig is very interested in behavior in the school and has removed the quiet room, he will increase proper behavior and get it under control.

Craig would like to change the format of the school website, he wants to communicate thru this. If the whole school had an Instagram page Craig thinks this would work. Heidi reported that there was a Grant filled out for a new stove for our kitchen. The Grant is for \$650 and we have to match it. We will be purchasing a new stove for our kitchen and will initially come out of the budget and then we will be reimbursed for half of it.
